Camphill California's Monthly Community VOICE

A Downton Abbey Evening 2016

Thank you everyone who attended the Gala!

On Saturday, February 27, Camphill California took a trip back to the lavish 1920s for an evening of grand festivities. Everyone enjoyed dining in style and bidding on the many valuable contributions, which were so generously donated by individuals and local businesses.

We were entertained by the Camphill Bell Choir, and the professional auctioneer added the perfect finishing touch to the joyful celebration as we joined the world in the English gentry. The Gala was a huge success and netted \$120,000. Popular items this year included the pure wool hand woven blankets from our own talented weavers, trips to fabulous vacation homes, and cases of high quality organic wine, plus many other wonderful prizes.

The annual fundraising event is exceptionally beneficial and ensures that Camphill California continues to thrive throughout the year, allowing us to offer the highest quality lifestyle and programs for all of our friends in the community. We are so grateful for your attendance and contributions. We hope you had as much fun as we did and that all the winners enjoy their prizes. If you were unable to join us this time, there is always next year!

Keep a look out on our [website](#) for a video of the event documenting our evening together. And may all the auction winners enjoy their prizes!

The Human Race 2016

It's that time of the year again when we're gearing up for the Human Race! This is an opportunity for everyone to further support Camphill California by donating on your loved one's behalf as they walk or run the coastal course while enjoying fresh air and good company at the same time! The event will be held on May 7, 2016 on the West Side of Santa Cruz. You can participate in the race with us or show up to cheer us on along the sidelines or at our booth. There will be good food, games and great company for all!

Workshop Highlight: The Weavery

Weavery items sold at 2015 Christmas Faire

Camphill California is lucky to have such a talented team of friends and co-workers dedicated to creating wonderfully woven items. Did you know that the art of weaving dates back to the neolithic era (approximately 12,000 years ago) and is one of the oldest surviving crafts in the world? Camphill California's workshop runs 5 days a week, and many of our weavers have become experts in the craft. The weavers produce lavender sachets, blankets, pillows, table runners, scarves, shawls and more. As part of the Camphill commitment to honor the Earth, some table mats are made with recycled bicycle tires, and

bags and purses are made with recycled plastic bags. We think you will agree that this is a productive and creative way to recycle!

Camphill California is thriving especially due to the continuous interest and support from you all, and it is greatly appreciated. Thank you so much, we couldn't do it without you!
